

Terms & Conditions - Connect Arnhem

The following criteria have been drawn up in collaboration with the municipality of Arnhem.

Purpose of Connect

The Connect project supports initiatives that provide direct connections between residents of Arnhem and newcomers staying in Arnhem.

Application

- Applications for initiatives can come from residents and newcomers (refugees, asylum seekers and status holders) as well as organizations in Arnhem;
- Applications can be submitted both online and offline;
- The application is always reviewed by at least one Rozet employee and one experience expert (someone with a migration background). They contact the applicant and discuss the idea, asking additional questions if necessary;
- The requested amount may not exceed €1,000 per individual and €5,000 per organization;
- Organizations are asked to include a simple budget plan;
- Per project a maximum of one application is allowed;
- Organizations can only submit an application if they have not yet received a grant for the same purpose as Connect;

Applicant

- Each applicant will be notified within two working days that the application has been received. The application will be processed within two weeks;
- If the application comes from an organization, Connect's project leader is also involved in the assessment;
- The money will be transferred to the applicant's account after approval.
- An applicant can only claim a contribution once a year;
- If the applicant is a refugee without a bank account, Rozet will contact the relevant COA location. If possible the money will be transferred to the money card;

- An application cannot be made anonymously. Contact information, including an email address, is needed;
- The applicant will share a photo and a short story afterwards. The municipality of Arnhem and/or Rozet may share this photo on the website and/or social media, unless you indicate that this is not allowed. People don't have to be recognizable on the photo if they don't want to;
 - Ask the participants if they want to be in the photograph. The photo(s) will be posted on the website and possibly on the social media channels of Rozet and/or the municipality of Arnhem as inspiration for other people;
 - The photo and the story are also the final justification of how you spent the money.

Judging criteria

- Your idea enables a meeting between Arnhemmers and newcomers. In this way, it contributes to forming a connection between the two.
- The activity takes place in the municipality of Arnhem.
- The activity is for a minimum of 4 people.
- The description of the plan should make it clear how you will bring the different target groups together and when and where you will do that.
- The activity must be for the indicated target groups.

Remaining

- Organizing an activity is the responsibility of the applicant. Rozet or the municipality of Arnhem are not responsible or liable for the execution of the project.
- If you want to use the name of Connect in images and/or words, this should take place in consultation.
